## CENTRAL PIEDMONT COMMUNITY COLLEGE

Potential W.I.T.S. clients,

I highly recommend the programs offered by World Instructor Training Schools. CPCC has been a host school for more than 5 years and have enjoyed every aspect of the relationship. W.I.T.S. has delivered quality instruction as promised. The classes are some of the best reviewed by our student surveys and have established themselves as a quality certification in the Charlotte area.

The few issues or requests I have made of W.I.T.S. were taken care of immediately and with professional integrity. I am confident they will continue to provide excellent service and I recommend using them as a training provider for your institution.

Sincerely,
