

To: W.I.T.S Personal Training Certification Program:

To whom it may concern,

Please consider this letter as our formal request to be a part of your site internship program. We are particularly impressed with the W.I.T.S training program and would like to provide a South Carolina location for potential graduates to gain real time experience and a chance at future employment with our company.

As a request please send us a graduate list that we can utilize for internal use only for possible placement.

More information about our health club can be found at www.snapfitness.com/columbianortheast

Please feel free to reach out to me with any questions.
